Nexora AI Web Development

https://gemini.google.com/app/92ec5205f4503d17

User prompt: Mujhe ek web bana kasmr do (NEXORA AI) jo video, image, and etc. Generat kar de vaisa web bana kar do. Web ka name (NEXORA AI)

Response: I will build the **NEXORA AI Studio** web application with a futuristic dark neon design, multi-modal AI tools (Image, Video, Text, Audio, Code/Chat, and Gallery), dynamic UI controls, interactive audio visualizer, real Gemini API integration, and Hinglish/English localization.

Here is the complete application:

User prompt: Mujhe ise Google par websit ke liya bana do

Response: Aapko **NEXORA AI** ko internet par (Google / Website ke roop me) live aur pubicly host karne ke liye standard HTML, CSS, aur JavaScript files chahiye hongi.

Google aur Internet par apni website ko live run karne ke liye follow karein ye easy steps:

Step 1: Website Files Create Karein

Apne computer me ek folder banayein (jaise `nexora-ai`). Uske andar ye files banayein:

1. `index.html`

```
<!DOCTYPE html>
<html lang="hi">
<head>
    <meta charset="UTF-8">
    <meta name="viewport" content="width=device-width, initial-scale=1.0">

            `;
        }
    }, 2500);
}
```

Step 2: Live Website Google / Internet par Hosting Karein (Free Option)

Website ki files ko internet par live karne ke liye sabse easy tarike ye hain:

Method A: Netlify par Publish karna (Sabse Aasan)

1. Website netlify.com par jayein aur Free Account banayein.
2. Dashboard par "**Sites**" section me jayein.
3. Apne computer ka folder (jisme `index.html`, `style.css`, aur `script.js` hai) use **drag and drop** kar dein.
4. 5 seconds me aapki **NEXORA AI** website live ho jayegi aur aapko ek free live URL mil jayega (Jaise: `nexora-ai.netlify.app`).

Method B: GitHub Pages

1. github.com par account banayein.
2. New repository create karein jiska naam rakhein `nexora-ai`.
3. Teeno files (`index.html`, `style.css`, `script.js`) upload karein.
4. Repository ki **Settings > Pages** me jakar **Source Branch** ko `main` select karke Save karein.

5. Aapki website `https://<username>.github.io/nexora-ai` par live ho jayegi.

Step 3: Google Search par kaise laayein?

1. Custom Domain buy kar sakte hain (e.g., `nexora.ai` ya `nexoraai.com`).
2. Google Search Console ([`search.google.com/search-console](https://search.google.com/search-console)`) par jaakar apni site ka URL add karein aur **Sitemap** submit karein.
3. Iske baad Google aapki NEXORA AI website ko indexing karke Google search results me dikhane lagega.
